### MAKES INSPECTION AT V. M. I.

Four members of Board of Visitors Will Later Make Report. [Special to The Times-Dispatch.] Lexington, Va., November 26.—No meeting of the board of visitors of the Virginia Military Institute was held last night, because only four members were present. Those present were: R. A. James, president, of Danville; T. L. Tate, of Pulaski county; C. J. Anderson and Joseph Buttum, of Richmond. They inspected local conditions at the V. M. I. They, as a committee, will report to the board of visitors, when Mr. Masser, sanitary engineer from the State Board of Health, who is now at V. M. I. investigating for the cause of typhoid fever among the cadets, makes his report. He found no local trouble.

## DISCUSSES FINAL DEBT ARGUMENT

Commission Lays Plans for Hearing Before Supreme Court.

Further plans for the final hearing of the State debt litigation between Virginia and West Virginia were discussed yesterday morning at a meeting of the State Debt Commission, held at the Jefferson Hotel. The session was executive, and the members of the commission thought it inadvisable at this time to discuss the matter for publication.

Attorney General Samuel W. Williams and former Attorney General William A. Anderson were present and consulted with the commission regarding the final hearing, which will come up in January before the Supreme Court of the United States. The Virginia litigants feel hopeful of the outcome. It is believed in view of the favorable report of Special Master Charles E. Littlefield, made to the court.

Members of the State Debt Commission present at the meeting were: John B. Noon, Charlottesville, chairman; H. H. Downing, Front Royal; William P. Rhea, Bristol; J. Thompson Brown, Lovingsburg; Henry T. Wickham, Hanover, and H. D. Flood, Appomattox, with Secretary Joseph Buttum.

## TWO INQUIRIES NOW GOING ON

City Home Hospital Divides Honors With City Engineer's Department.

Investigations will be the order of the day in municipal circles this week. The Lynch committee, which is inquiring into the conduct of the City Engineer's office, will meet on Tuesday night, and has called a number of witnesses, including many inspectors and contractors for sewer work. The Committee on Relief of the Poor will make another effort to-morrow night to get at the bottom of the allegations of Thomas L. Pulling, a former nurse. Pulling went to Chairman Hobson some time ago and told a remarkable story of a nurse in the institution having given a typhoid patient a hypodermic injection of ink instead of the solution prescribed. The committee met last Monday night at the City Home to look into the matter, but Pulling did not show up. He has been officially summoned to be present to-morrow night. Members of the committee are frankly incredulous of his story, especially as it develops that Pulling has been in an asylum, but feel that they cannot allow such statements to go by without official inquiry. Besides the meeting of the Committee on Relief of the Poor, which will be held at the City Home, there will be held to-morrow night regular meetings of the Committees on Streets, Printing and Claims and Water, and a Subcommittee on Markets. Tuesday night, besides the Lynch investigation, there will be an important meeting of the Committee on Ordinance, Charter and Reform, with several matters of more than usual interest pending. On Wednesday night there will be meetings of the Committees on Markets and Local Assessments.

## FLOOD IS OPPOSED TO CONVENTION

Never Heard of Victorious Party Wanting to Reorganize Itself.

Saying that he never heard of a victorious party holding a convention to reorganize itself, Representative H. D. Flood, of the Tenth District, declared yesterday that he is opposed to a party platform convention.

"I think such a move would be unwise," said Mr. Flood. "The party is

united, and there is no occasion for any such gathering. The only instance in which a State Democratic convention was held in Virginia in a year when nothing but a Legislature was to be elected, was in 1887, the year following the disastrous defeat of the Democrats, when seven of the ten Congressmen were Republicans.

"I love conventions," said Mr. Flood, "and would be delighted to see one held if there were any occasion for it, and if there were no danger in it to the party. But there is no really good reason for it, and I see great possible danger."

"Look at the arguments for a convention. They embrace these subjects—roads, schools, the income tax, primary elections, the fee system, convict labor and prohibition.

"The record of the Virginia Legislature in its dealings with roads and schools constitutes its platform in these respects, and I believe that record is satisfactory to the people of the State. Developments in the recent past have made it practically certain that the sentiment for a legal primary will insure its consummation by the next Legislature without action by a convention."

"Nobody wants the Davis shoe contract renewed, and it will not be in any event. The convention would not have time to consider the fee system."

"This leaves only the income tax and prohibition. The former I regard as a very important matter, but not important enough, in itself, to justify the calling of a convention."

"There is no question that prohibition or local option methods of dealing with the liquor question would overshadow all else in the convention. The feeling would be intense, and no matter which way the convention should decide, there are many who would not abide by the action of the body. It would inevitably hurt the party."

### LAYING OF CORNER-STONE.

Interesting Exercises at Negro Industrial Institute on Thanksgiving. [Special to The Times-Dispatch.] Christiansburg, Va., November 26.—With impressive ceremonies the corner-stone of Marshall Hall, the new \$25,000 building in course of construction at the Christiansburg Industrial Institute, was laid on Thanksgiving Day.

To the James Lincoln Light Lodge of Odd-Fellows was entrusted the laying of the corner-stone, and the local order of Joseph and Odd-Fellows and Joseph from the colored lodges in the nearby towns of Roanoke, Radford, Pulaski and Blacksburg were present and took part in the exercises. The program was interspersed with several selections by the institute choir.

On the platform were a number of representative white citizens who take an interest in the efforts of the negro to raise the standard of his race. Among these were Chas. A. Johnson and Attorney Allen H. Harless, who had consented to deliver addresses.

In the four years since this school was founded for the industrial education of the negro youth seemingly unsurmountable difficulties have been overcome, one after another, and its growth has been certain and steady. The school was founded by the late Captain Chas. Schaeffer, and at that time there was only one building and one-half acre of land, valued at \$5,000. In 1906 the present farm was purchased, and from time to time as they have been able, new buildings have been erected, so that the completion of Marshall Hall the institute property will consist of ten buildings and 185 acres of land, valued at \$75,000.

Will Go to Dayton Church. [Special to The Times-Dispatch.] Harrisonburg, Va., November 26.—Rev. A. P. Funkhouser, D. D. of Harrisonburg, has been appointed pastor of the church at Dayton, Rockingham county, of the United Brethren Church, to fill the vacancy caused by the resignation of Rev. G. S. Hanleiter, who has become the field representative of the United Brethren church at Quincey, Pa. Dr. Funkhouser was the first Roosevelt administration and later was present at Annapolis College, Pennsylvania.

### INJURED WHILE HUNTING.

John Gray Accidentally Shot—Successful Rabbit Hunt. [Special to The Times-Dispatch.] Fredericksburg, Va., November 26.—John Gray, of Caroline county, was accidentally shot in the leg while hunting Thursday by Chas. Shelton, who was hunting with him.

One hundred and forty-four rabbits were killed on one farm in Caroline county Thanksgiving Day. It is said thirty-seven persons participated in the rabbit hunt.

Dr. Lee Cook, of the Wilderness, in Spotsylvania county, has rented a residence here, and will move to this city with his family to reside for the winter.

## SHOOT AT NEGRO IN SELF-DEFENSE

Fatal Row at Wheaton—Court Session Ends—Other News Notes.

[Special to The Times-Dispatch.] Lancaster, Va., November 26.—News comes from Wheaton, on the Rappahannock river, of a fatal row between two negroes. William Fields, who had recently come to this section from West Virginia, and Ben Sanders, an old resident of the county, both employed in Marshall's oyster packing house, had a falling out, when Fields seized an oar and made for Sanders. Having nothing with which he could defend himself, Sanders took to his heels and ran for his house, which he entered just in time to escape a terrible blow aimed at him by Fields with the oar. Sanders snatched up his gun, and fired at Fields, striking him in the breast and killing him instantly. As Fields fell to the ground the oar and a razor dropped from his hands. Fields is said to have been a desperate character and a fugitive from justice from West Virginia, where he boasted that he had killed two men, and that he intended to kill another.

Sanders disappeared soon after the slaying, and has not yet been apprehended. The November term of the Circuit Court for Lancaster, Judge Wright presiding, which has been in session here during the week, adjourned yesterday. There were no criminal cases on the docket, but considerable civil business was disposed of. In his charge to the grand jury Judge Wright congratulated the officers and people of Lancaster on the prompt and vigorous enforcement of the law, the result of good order prevailing in the county. On Thanksgiving Day, short and appropriate services were held in the court room at the direction of Judge Wright, before the business of the day was taken up.

The Northern Neck Bar Association will hold its annual meeting Sunday, with headquarters at Irvington. The association comprises the counties of Westmoreland, Richmond, Northumberland and Lancaster. The business meeting will be held in the afternoon, and at night the members will sit down to an elaborate banquet at the Irvington Beach Hotel. The arrangements are in the hands of Walter E. Hathaway and Commonwealth's Attorney Frank G. Newbill, both members of the Lancaster bar.

Dr. A. C. Elmer, representing the State Board of Health in the Northern Neck of Virginia, who has been waging a vigorous campaign against the hookworm, is now engaged in visiting the counties of this section to urge the teachers and school officers to adopt hygienic regulations in all the schools, and he is also urging the people living in the towns and villages to organize improvement leagues for the introduction of better sanitary conditions into the various communities. Organizations have been formed at Heathsville, the county seat of Northumberland, and at Lancaster.

The meeting will be held here Monday night to hear the reports of the committees appointed at the previous meeting.

## Aeroplane Inventor

Kept Strong and Vigorous to the Age of 90 and Enabled to Live to See His Life's Work Crowned With Success.

MR. HENRY CLARKE MOORE

Mr. Henry Clarke Moore, of Tama, Iowa, who is 90 years of age, has just completed his first flying machine. His brain has been kept clear and alert, and the perfection of his invention made possible by the daily use of Duffy's Pure Malt Whiskey as his only invigorator and tonic-stimulant.

In an interview with our correspondent he said: "For several years I have been greatly troubled with dormant and sluggish action of the lower bowels, which caused me intense suffering. No treatment seemed to benefit me until finally I was induced to try Duffy's Pure Malt Whiskey. It gave me immediate relief. I steadily gained my health and strength, until now I am as vigorous and active as a

man of 60 years of age. My mind is as clear as it ever was, and I have done some of the best work of my invention the last few years, which proves my mental and physical condition.

Please bear in mind that I am a temperance man, and do not advise any one to use alcoholic beverages except as a medicine; but I do firmly advise all old people and those who are run down to use Duffy's Pure Malt Whiskey as I have, as I believe it is the greatest support, to those who are weakened by age.

In my case it stimulated and built me up; it quickened my circulation and made me feel more alert and able to do things.

I will be very glad if my interview will be the means of saving some of my poor sisters and brothers who before this have not heard of the great good they may receive from the use of Duffy's Pure Malt Whiskey."

Thousands of letters like this one from Mr. Moore are received from men and women in all walks of life who have been restored to normal health by the use of the world's greatest tonic-stimulant.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It is an absolutely pure medicinal malt whiskey, and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark, the "Old Chemist" on the label, and make sure the seal over the cork is unbroken. Price, \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet containing testimonials and rare common sense rules for health, both sent free.
